Designated classrooms are subject to change pending class size. All age groups are approximate. Returning students should consult with instructor for best class placement. New students may be asked to take a placement class before entering any intermediate level classes. Combination classes are designed for beginners and those students who have completed Pre-Ballet. Special permission must be given for first time Pre-Pointe and Pointe classes. Lee-ettes (our performing HS tap line) are chosen each spring by audition. Additional classes may be added to the schedule as needed.
